Can you help me?

Show me, let me understand

How you make me feel

When you know that you can

Kiss me goodbye

Kiss me goodbye

Come on baby

Will you miss me or piss me off when you leave?

I'm so sorry

Baby, can I take it back please?

Kiss me goodbye

Kiss me goodbye

Come on baby

Give me a kiss goodbye

Give me a kiss goodbye

Give me a kiss

Come on baby

Oh you know me

You hold me every night

It's true. Remember baby

I'm the one who fell in love with you.

Kiss me goodbye

Kiss me goodbye

Come on baby

Give me a kiss goodbye

Give me a kiss goodbye

Give me a kiss

Come on baby

Come on baby

Give me a kiss

Come on baby

Come on baby

Will you miss me or piss me off when you leave?

I'm so sorry

Baby, can I take it back please?

Kiss me goodbye

Kiss me goodbye

Come on baby

Give me a kiss goodbye

Give me a kiss goodbye

Give me a kiss

Come on baby

Give me a kiss

Come on baby
