Would you (could you) like to be

A bird that flies

Anywhere you think you might want to fly?

And would you (could you) like to be

A cloud so high

Float (floating) all around the world?

Don't you come crawling to me

Send a letter but remember money's always better

Don't you come inching to me

I changed my mind

I don't think you should even send a letter

Would you (could you) like to be

A big rock star

Shoot (shooting) all across the sky?

And would you (could you) like to be

In history

Help (Helping) all the world believe?

Don't you come crawling to me

I don't know what you will say

But you can just forget it

Don't you come crying to me

Thinking you'll make me feel bad  
But I don't think you get it  
I lay me down to sleep  
I say my prayers and wishes too  
And dream of pretty things  
I can't mention in this song (uh-uh)  
But it's so nice to think of all the things I'll do  
Now that you're finally gone  
Don't you come crying to me  
If you're cold at night I think you oughta buy a sweater  
Don't you come looking for me  
Well it doesn't feel as good 'cos I was so much better  
So much better  
So much better
