Wee rule
wee papa rule the dance

In a brand-new fashion
in a dance hall style we rule.
Wee rule
Wee papa rule the world the dance
In a brand-new fashion

The bass drum is hitting out a hardcore beat

Don't bother even moving
stay right in your seat.
The captivating Mike Controller evaluating your act

Je suis T.Y. Tim
now how do you like that?
With my ball point pen I write out my show

Drive around in a taxi
every place that I go

Eat neat
got a seat 'cause they know me every town

And my sexy reputation won't let me down.

Wee rule
wee papa rule the dance
...

Def ears on the floor give me what you got

Total S. my control
I'm taking this hot

You say I give away my tales
no grief

Why do you try to run that

he or me?
'Cause one of these days you're hitting hard to shell.
We're gonna take you from here to hell

Outside you'll freeze
you'll remember this heat

You tell those lies and why do you cheat

We just take the best
don't ask a dilemma

This isn't a game
it just gets better.

We show you
yeah
we show you you that it's no good

If you can't take that you can kiss my boat.

Wee rule

I saw you sleeping on a station on a dredgy wood
bench

I saw you turned away
embarrassed
started swearing in French

'Fou le Camp' you started saying
but you just didn't know
That I passed exams in French about one year ago.

And this beat
this beat is mine.
This beat
this beat is mine.
We rule the dance hall
we rule the dance hall

We rule the dance hall
we rule the dance hall

We rule the dance hall
we rule the dance hall

We rule the dance hall
we rule the dance hall.
