Called up my honey on the telephone line
Nobody's home, and the house is mine
There's only one thing I wanna' do
You know I gotta get my hands on you
The thought of lovin' you is makin' me weak
I'd crawl a mile just to take a peek
You got me revin' up and runnin' hot
I wanna' give you everything that I got

So turn the lights out honey
We'll have a real good time
We'll do the bone dance baby
Gonna' make your backbone slide
When I get my hands on you
I'll get my hands on you
I'm gonna' love you black and blue baby
When I get my hands on you

The bed was shakin' like an L.A. quake
Your love it bit me like a rattlesnake
I can't believe that all the pieces fit
I tried to stop, you wouldn't let me quit

So put your heels on honey
You know it drives me wild
And I bet my money baby I can crack your smile
When I get my hands on you
I'll get my hands on you
I'm gonna' love you black and blue baby
When I get my hands on you

Come over here baby
Let me get a good look
When I get my hands on you
I'll get my hands on you
I'm gonna' love you black and blue baby
When I get my hands on you

I'll get my hands on you
I'll get my hands on you
I'm gonna' love you black and blue baby

When I get my hands on you
