One death  
One try  
Are you sure ?  
Do you really want to die ?  
One life  
One cry  
Go away  
You're nothing but a lie  
One shot  
And you'll die  
In the head  
In the centre of the eyes  
One gun  
One try  
My god,  
Do you really want to die ?

Do you really want to die ?

One death  
One try  
Are you sure ?  
Do you really want to die ?  
One step  
One try  
on the edge  
Do you really want to try  
One tempt  
One cry  
I can't cope  
I no longer want this life  
One rope  
One try  
My god,  
Do you really want to die ?

Do you really want to die ?  
Do you.....
