Mother,  
What have I done ?  
Just killed the one I loved  
Mother,  
These hands, this gun  
After all the love has gone

No restraint,  
Just pain, remove this cancer  
No remorse,  
Just die, revolt in anger

Mother

Mother  
This must be hell  
The blood recalls the smell  
Mother  
This can't be true  
After all I did for you

No restraint,  
Just pain, remove this cancer  
No remorse,  
Just die, revolt in anger

Mother

You didn't want me  
You didn't need me  
You didn't love me  
You did abuse me

Mother  
Cry for mother
