ABOVE THE CLOUDS - Paul Weller

Autumn blew its leaves at me
Threatening winter as I walked
Summer always goes so quick
Barely stopping like my thoughts

Which dip and spin and change so fast
I have to wonder - Will I last

Through the windows of a train
I caught reflection of a paper cup
Hanging small in a pale blue sky
Never knowing which way's up

Above the clouds, what's to be found
I have to wonder - Will I be around

As my anger shouts - At my own self-doubt
So a sadness creeps - Into my dreams

When your scared of living - but afraid to die
I get scared of giving - and I must find the faith to beat
it

I must be me that's rushing by
Time just lingers on the wind
Whistling through my open fears
I wonder what it's going to bring

Above the clouds - what's to be found
I have to wonder - oh, will I be around

Run and hide, run and hide - I catch the sail at the
evening tide.
