some persecute their brothers because of
the color of their skin, oh yeah
well that's wrong
we know it all too well
but i guess it doesn't matter to some

get it through your head
its a black and white world
but you're really know different from me
get it through your head
its a black and white world
but you're really no different from....

some walk around, never knowing
they only listen to what they've been told
they walk around blind for years
'cause they're only seeing
what they've been shown, yeah

well, colors are deceiving
but if you open your mind
to see whats right
wipe the anger from your eyes
and take a look you'll find

chorus

some walk around, never knowing
they only listen to what they've been told
they walk aorund blind for years
'cause they're only seeing
what they've been shown, yeah

sometimes it's hard, yeah
'cause there's so much trouble
in the world today
we stereotype the masses
and everybody's saying
you've got to do it my way

chorus
