So many things that I didn't get to say
And you're so far away
In my heart you will stay
There are no goodbyes
And there are no regrets
I miss you today,
I'm not over it yet

And I'll see you soon again, my friend
The times that we've shared been so genuine
Know that you had to go
but you'll tell me where you've been
'cause I'll see you soon again, my friend

When I see you, I'll ask you,
"Where have you been?"
There'll be so much to say,
we won't know where to begin
We'll skateboard all day
and we'll drink all damn night
'Cause I know we'll meet up
in the next life

And I'll see you soon again, my friend
The times that we've shared been so genuine
Know that you had to go
but you'll tell me where you've been
'cause I'll see you soon again, my friend

I think of sunny skies
and I know you've never wasted your time
I think of your laugh
and I think of your smile and I cry
Waitin' for the day
I'll see the smile on your face again
Holdin' on to the memories,
'cause brotherhood's forever, my friend

But I know,
And I'll see you soon again, my friend
The times that we've shared been so genuine

Know that you had to go
but you'll tell me where you've been
'cause I'll see you soon again, my friend
Know that you had to go
but you'll tell me where you've been
'cause I'll see you soon again, my friend
