[Chorus:]

Well it's the high anxiety I'm a victim of
society high anxiety I'm a victim of society
high anxiety it's my high anxiety getting to the
best of me

Sometimes I feel like I'm gonna explode and
when I'm approaching total overload I know that
when I'm having a panic attack to duck and cover
cuz I can feel it coming

[Chorus]

This time I feel like I'm gonna die cold sweat the
fear is paralyzing you know I wish that this was
over and done heart pounds I can feel it escalating

[Chorus]

I don't know why sometimes I wake up in
the middle of the night I don't know why I gasp for
breath I'm really feeling like I'm on the brink
of death I wish I could get this crisis under
control then I could feel some kind of closure
I feel this could go on and on without end I guess
I'll just have to ride it out cuz

[Chorus 2x]
