Hey!

Didn't I express my regrets about the way things are
and think I might of taken this too far
this time I hope that you can understand
this time I hope that you can see it

Didn't I tell you everything about me
didn't I show you, can you feel it
got so many thoughts and words inside my head inside
my head

inside my head

Didn't I do enough to make you feel so sad
and you know I'm sorry about the fights we had
so long I'm sorry everything went wrong
goodbye you'll never have to see me

Didn't I tell you everything about me
didn't I show you can you feel it
got so many thoughts and words inside my
head inside my head

[Chorus 2x:]

Didn't i tell you we'd never last forever cuz
we change our minds like changes in the weather
now it's all over even though we've come so far we've
come so far

Everything went wrong emotional whip lash
we're so confused that everything's so wrong so wrong
with my heart in my throat I know it's time to grow up

I know that you and I would never last
and all this time it went by much to fast
I never listened to a word they said
remember me and don't cry cuz

Didn't I tell you everything about me
didn't I show you, can you feel it

got so many thoughts and words inside my head inside
my head

[Chorus 2x]
