I wish I had faith in something (I wish I could find a way)
And I wish you could change (how I wish I could too)
When I look at all the things we've been through
I wish I had faith in someone- I wish there was another
way
And I hope that you know- there's no other way
Cause you dropped a bomb on me today

Can anybody tell me how things went so wrong
And please explain- how do I go through life this way
Always on parade- you paint your smiles on everyday
Just try to be- try to be happy being me
Then soon I'll see- if a leap of faith will set me free

I wish I had faith in something- I wish I could find a way
And I wish you could change- how I wish I could too
When I look at all the things we've been through
I wish I had faith in someone- I wish there was another
way
And I hope that you know- there's no other way
Cause you dropped a bomb on me today

Can anybody help me please throw me a line
Because I'm gading fast I feel my life wasting away
And if I stay I might end up like you one day
And that's not who- that's not who I want to be
Then soon we'll see- if a leap of faith will set me free

Don't think- Don't speak- Don't drag me down- Don't
take me with you
Feels I've been holding on so long- Step back and slow
it down
And stand up and look around- My faith left town long
ago

I wish I had faith in something- I wish I could find a way
And I wish you could change- how I wish I could too
When I look at all the things we've been through
I wish I had faith in someone- I wish there was another
way
And I hope that you know- there's no other way

Cause you dropped a bomb on me today

Cause you dropped a bomb on me today
Cause you dropped a bomb on me today
Cause you dropped a bomb on me today
