"Middle Way"

The road of life is paved with extreames
Broken hearts and shattered dreams
Reaching out for things that aren't real
Let them dictate the way we feel

Don't you know - It's your best intrest to go with the flow
Can you see - It's what we both need for you and me

I'm taking the middle way - I'm taking the middle way
I don't care what you say - I'm taking the middle way

Spin the wheel where does it stop
Around and round till you've had enough
If I define cause and effect
Your choice is liberty or death

Don't you know - It's your best intrest to go with the flow
Can you see - It's what we both need for you and me

I'm taking the middle way - I'm taking the middle way
I don't care what you say - I'm taking the middle way

What if I told you that the world was gonna end
tomorrow
Would you re-evaluate - Try to moderate - Get some
insight
And try to understand your world - Your world

So many ways in which things transpire
We search for a way to put out the fire
Like a kid with matches in hand
A metaphor for the flames that I fan

Don't you know - It's your best intrest to go with the flow
Can you see - It's what we both need for you and me

I'm taking the middle way - I'm taking the middle way
I don't care what you say - I'm taking the middle way

I'm taking the middle way - I'm taking the middle way
I don't care what you say - I'm taking the middle way
