Well I can't wait to tell you all about her
All about my new girl
And I can't wait for you to hear me shout it
All about my new girl
When we were together you tried to break my heart
Said you always did your best at keeping us apart
Said now you're dead and gone, and I've got a new
thing going
I can't wait to see your face when you and your friends
show up

So I gotta find a new girl
So I gotta find a new girl
So I gotta find a new girl
So I gotta find a new girl

Something makes you think that you're some kind of
winner
Said do you wanna get married and cook somebody's
dinner
Said you're making fun of me cause I'm young and got
no money
I've got no time for school books cause I got no time to
study

Well I can't wait to tell you all about her
all about my new girl
And I can't wait for you to hear me shout it
all about my new girl

So I gotta find a new girl
So I gotta find a new girl
So I gotta find a new girl
So I gotta find a new girl

Aw, You're the type of girl that any guy would die for
That's the way it looks and I'm really glad you think so
So concerned with friends and you're popularity
But you never ever took the time to see the real me.

Well I can't wait to tell you all about her

All about my new girl
And I can't wait for you to hear me shout it
All about my new girl

So I gotta find a new girl
So I gotta find a new girl
So I gotta find a new girl
So I gotta find a new girl

He can't wait to tell you all about her
He can't wait to tell you all about her
He can't wait to tell you all about her
He can't wait to tell you all about her
