Promise not to forget this day  
Do you feel like this - Do you feel this way  
Do you have to leave - Or can I make you stay  
Say this feeling won't fade away  
And I'll promise not to forget this day

I want to be the one - to be there when you drink too much  
I could lend a helping hand - if you would be my crutch  
I want to be the one - to hold you when you go to sleep  
I want to be the one - to pick you up if you feel weak  
If you feel weak

Promise not to forget this day  
Do you feel like this - Do you feel this way  
Do you have to leave - Or can I make you stay  
Say this feeling won't fade away  
And I'll promise not to forget this day

I wonder could you be - The one somehow I think you are  
You're everything I think about - Whenever we're apart  
I love the way - You lit a fire deep inside my soul  
I love the way when you're around - You make me lose control  
I lose control

I knew it from the first time that I saw - Saw you there well  
I knew right from the start - You're everything I ever wanted  
And you're so much more - You're everything I need

Promise not to forget this day  
Do you feel like this - Do you feel this way  
Do you have to leave - Or can I make you stay  
Say this feeling won't fade away  
And I'll promise not to forget this day

It lifts me up just to see you smile  
Would you sit right there - Could you stay awhile

You could say all day- You could stay all night  
If I promise you everything  
Would you stay for the rest of your life
