When is there too much talk,  
too many words  
About the same old things  
The same things you've heard  
A thousand times before  
I can't listen no more  
It's just the way of things  
It's the way we think

We gotta find some new ideas to express the way we  
feel  
We gotta stand our ground  
Start to give, re-assess the way we live

We're not the first and won't be the last  
to spend too much time living in the past  
It seems we work all day and accomplish nothing  
Where to go from here,  
'cause I can't sit around and just blow off another year  
It seems we're growing old, and still doing nothing

When is there too much talk, too many words  
About the same old things  
The same things you've heard  
A thousand times before  
I can't listen no more  
It's just the way of things  
It's the way we think  
We gotta find some new ideas to express the way we  
feel  
We gotta stand our ground  
Start to give, re-assess the way we live

Don't know what's going through your mind  
Got the will, but just not enough time  
I'd like to think I've been a good friend to you  
Got a choice to make  
'Cause I can't go through life living with this hate  
It seems we're growing old, still missing something

When is there too much talk, too many words

About the same old things  
The same thing you've heard  
A thousand times before  
I can't listen no more  
It's just the way of things  
It's the way we think  
We gotta find some new ideas to express the way we  
feel  
We gotta stand our ground  
Start to give, re-assess the way we live
