you, would you take some for me,
do I have to carry all this weight?

Give me credit, cause I can feel no pain,
I found a way to make things right, I found a way
To save you from yourself, you and no one else,
I'll be so brave for you, your such a slave its true,

And maybe I'd still live,
Build me up and take me down against the grain,
The fall guy once again,

For you, would you take some for me,
do I have to carry all this weight?

For you, would you take some for me,
and I understand you'll do the same for me,

Cause I will never quit, I'll never run away,
Cause I'm always on the case,
Someone is needed, to point that finger at,
Well talk a little, just of everything,
Bleeding just to live,

Build me up and take me down against the grain,
The fall guy once again,

For you, would you take some for me,
do I have to carry all this weight?

For you, would you take some for me,
and I understand you'll do the same for me,

I will never die, I shall carry on,
They will know my name, They'll have heard of me,

I can never die, trust I'll carry on,
When they speak of fame, Im the fall guy thats my
name,

Im the fall guy thats my name,

Im the fall guy thats my name,
Im the fall guy thats my name,
