SMILE - Pussycat

(Werner Theunissen)

There were days I couldn't weep

Nights I couldn't sleep

And everything I did just turned out wrong

Till there was you to dry my tears

Whisper love words in my ears

And this is why I'm glad you came along

Chorus

Now there's a smile

To cheer me up when I'm lonely

That I can call whenever I'm feeling down

Smile and you know that I'm only

Longing for the minute you'll be around

Help me 'cause I'm trying to get over

The way I thought of love many times before

If ever you should go away,

And nobody else would be near

There's always a smile to remember that you were here

If I could fly I'd fly away

To a bright blue summer's day

Trying to share my love with you forever more

Darling you made my life complete

You're everything I need

And this is why I'm glad you came along

Repeat Chorus

(There's a lot of lyrics in the official site of Tony
WillÃ©)
