Daylight, lie asleep
I conserve desire
As I refuel the fire
Teeth bites in your neck

You become the gravy
Sufficed, money bet
Your last words were 'Save me'
May day, pay day

Live, human vulture lives
Cannibal
Out, out of the darkened mist
Cannibal

Another door's unlocked again
Easy means
I must disguise myself
To fill my veins

Keep that bloody stake away
Crosses burn my eyes
I plan to live another hundred years
Before I say goodbye

May day, pay day

Live, human vulture lives
Cannibal
Out, out of the darkened mist

Live human vulture lives
Cannibal
Out, out of the darkened mist
Cannibal

May day, pay day

Patiently I wait
Entice with the bait
Women can't resist
Eternal bliss

Stalking, once again
My body needs a refill
Surprise, you are next
The only sound is a shrill

Live, human vulture lives
Cannibal
Out, out of the darkened mist

Live, human vulture lives
Cannibal
Out, out of the darkened mist
Cannibal

Live human vulture lives
