Hide, revived the pace  
He's got your number  
With all your peers  
You're going down

Rabid, heady instinct  
Ransacked and can't be found  
Skulk inside the shadow  
The conscious mind won't let go

No one hears you  
Then you disappear  
Warn with a threat  
Bow down here  
'Cause the saint's raising fear

Everything has gone haywire  
A sneak attack is going down  
Bringer of bad news  
Has come to spoil  
Your pleasant mood

No one hears you  
Then you disappear  
Warn with a threat

Bow, down here  
'Cause the saint's raising fear  
I said, bow down here  
'Cause the saint's raising fear

Rebuilt your face you've got to wonder  
Why all your fears are still around  
Rubbed the wrong way, ranked one way  
Here to control your life

No one hears you  
Then you disappear  
Warn with a threat

Bow, down here  
'Cause the saint's raising fear

I said, bow down here  
'Cause the saint's raising fear

Raising fear, raising fear  
Raising fear, raising fear
