You keep actin' the way you do  
And soon you'll be out the door  
I won't take things so mildly  
I'll turn you into a morbid gore  
Roughneck  
Totally sick  
And full of sadistic whims  
I didn't come here to sing a song  
Or whistle a pretty hymn

Although you feel calm  
You've sunk into a deadly realm  
You're never alone with a madman on your trail  
Scream as loud as you like  
Or enjoy the fatal knife  
Whatever your choice  
There ain't no chance for bail

Terror thoughts and terror ways  
Keep me full of sin  
I'd love to bury you alive  
Bury you six feet in  
Whatever is your preference  
Make up your mind fairly fast  
Sorry to say it honey  
But your ass ain't the last

Still you're feelin' safe  
Got no reason to be afraid  
You're never alone with a madman at all  
Think about what I said  
Then think real hard again  
By that time my switchblade's in your skin

See  
Didn't you believe  
I'd carry out these plans  
Killin' little ladies  
Makes me feel more a man  
If I quit the occupation  
There's nothin' left to do  
But as long as I stick to my job

I'm killin' more of you

I know you feel calm  
You've sunk into a deadly realm  
You're never alone with a madman at all  
Think about what I said  
Then think real hard again  
See your blood splash against the wall

Get on out  
Run and hide  
No escape from here  
My silver blade  
Will slice you from ear to ear  
Oh aren't you hoping  
I might save you from death  
I wouldn't hold my breath  
No

You're never alone
