Everything
Ain't leaving nothing out
And make no mistakes
Everything's what it's all about

Everything
Well everything is everything
Everything
Set me understanding

Now somethings
May not be enough
But something
Don't take it down and take it up

Everything
Well everything is everything
Everything
Set me understanding

Now little things
May be what you want
Cause everything
Makes it all getting tied

Everything
Well everything is everything
Cause everything
Set me understanding
