She had a look in her eye that could make you melt
Made me feel better than I ever felt
But bless her heart, she couldn't stay
I begged her not to go away

She left my ex best friend out in old Tucson
Told me she was leavin' and would be rollin' on
Now the days just pass on by
Losin' her is the reason why

Leila, Leila your mind will be flyin' high
And everything will be alright

You know I love you, girl, more than I can say
But still think about you each and every day
My lonesome old heart still feels the same
So Leila, won't you steal away?

Leila, Leila your mind will be flyin' high
And everything will be alright
Leila, Leila your mind will be flyin' high
And everything will be alright
