She don't love me, she love my automobile
She don't love me, she love my automobile
Well she would do anything just to slide behind the
wheel

She said, "What's it gonna take for you to lay your top
on down?"
She said, "What's it gonna take for you to lay your top
on down?"
I said, "Honey, why don't you ask me
When we get to the outskirts of town?"

Well now she don't care if I'm stoned or sloppy drunk
Well she don't care if I'm stoned or sloppy drunk
Long as she got the keys and there's a spare wheel in
her trunk
