Somethin' crossed my mind again
You were in my eyes
It was somewhere out by Bombay
And I'm tellin' all those lies

But I've been there and you've been there
And there ain't no mistake
We could take it anyway
But the one thing we can't fake

There's just two ways to play
Just two ways to play and I don't want to stay
There's just two ways to play
And I'm gonna play it right this time, yeah

There's always the easy numbers
There's those hard ways too
There's those cheaters, blunders
It's either one of two

But fortune telling's mesmerizing
In the game of chance
But rollin' dice ain't sympathizing
When you play romance

There's just two ways to play
Just two ways to play
And I don't want to stay
There's just two ways to play

I can't control the numbers
Can't control your sexy ways
I can't control my inner thunder
It makes me wander round for days

Two ways to play, there's just two ways to play
There's just two ways to play
There's just two ways to play
I'm gonna play it right this time

There's two ways to play
There's just two ways to play

Two ways to play
There's just two ways to play
