By GO WEST

Face to face

My reflection in your eyes

I was scared to say too much

Perfect strangers in perfect worlds apart

Almost close enough to touch

Staring at my shoes

Feeling so confused

Shot down without a gun

Victim of a hit and run

Won't you...

Call me - call me

No time to hesitate - we must communicate

Call me - call me

Won't you call this number now

Mesmerised

I go back to where we met

A reconstruction of the crime

I can't track you down

Nowhere to be found

Now my one shot at success

Is the power of the press

Won't you...

Call me - call me

No time to hesitate - we must communicate

Call me - call me

Won't you call this number now

Worlds apart - we are worlds apart

Watch this space

There's a message here for you

No need to read between the lines

I am inside out

There can be no doubt

I want you and no-one else

Please identify yourself

Call me - call me

No time to hesitate - we must communicate

Call me - call me

Won't you call this number now
