I'll never let you go!

So, what's two-hundred miles wrapped up with our two smiles?

And memories of you and me, assured to last a while.

And what is my time spent compared to things we've meant?

And all the good times that we'll have in past and present tense.

If you can take (if you can take) my breath away (my breath away), true love is fake. (true love is fake)

At least for me. (at lease for me)

And I would pay the price in vain to be the one left when love is slain.

And who was that one guy who somehow caught your eye?

And whispered all the things that made you think he was alright.

Oh god, I blew my chance to hold both your hands.

I'll take you out for just one night.

I'll show you true romance.

If you can take (if you can take) my breath away (my breath away), true love is fake. (true love is fake)

At least for me. (at lease for me)

And I would pay the price in vain to be the one left when love is slain.

And it's my heart vs. his voice.

Yeah, it's the battle of all ages.

I know that someday, I know I'll always be waiting.

Let's get to the point, you can call me outrageous.

I know that someday you'll see my love is contagious.

If you can take (if you can take) my breath away (my breath away), true love is fake. (true love is fake)

At least for me. (at lease for me)

And I would pay the price in vain to be the one left when love is slain.
