The brightest star could burn out and not hold a candle
to the beauty in your eyes.
To my surprise, you're still around me.
As I thank god you found me, love surrounds me, safe
and soundly.
Say it proudly.
I'll say it proudly.
You're so perfect.

And maybe, just maybe, we could tear this wall down.
And maybe, just maybeâ€¦
Well, I could show you around.
I'd love to show you my town.

Hey there, angel.
Whatcha' doin'?
Who ya with?
You interrupt my every thought with the wish, that
maybe someday we could be more than this.
And I will tell you we're only a kiss away.

And tell me I'm what you need 'cause I can't breathe,
as deeply.
My chest gets tighter.
My breath gets lighter.
Oh, tell me this isn't falling.

And maybe, just maybe, we could tear this wall down.
And maybe, just maybeâ€¦
Well, I could show you around.
I'd love to show you my town.

Hey there, angel.
Whatcha' doin'?
Who ya with?
You interrupt my every thought with the wish, that
maybe someday we could be more than this.
And I will tell you we're only a kiss away.

Hey there, angel.
Whatcha' doin'?

Who ya with?
You interrupt my every thought with the wish.

And maybe, just maybe, we could tear this wall down.
And maybe, just maybeâ€¦!
Well, I could show you around.
I'd love to show you my town.

Hey there, angel.
Whatcha' doin'?
Who ya with?
You interrupt my every thought with the wish, that
maybe someday we could be more than this.
And I will tell you we're only a kiss away.
