Are you ready, are you?
Keisha? Yeah
Amelle? Oh yeah
Let's go

You messed up from your chromosomes to your
enzymes
Remember the time when you took my ride
I had to get it from the impound my favorite revision
And later when I asked you 'bout it you just said yeah

But then at least you didn't crash if you had some cash
Left from selling my rims on the car
Parked behind the bar

And baby that's you on a good day
And baby that's you on a good day
Disaster is always just a beat away
But baby I'm sticking with you anyway

You messed up like when I went to Tokyo
For promotion and got back I had a bill for two G's
From when you fell asleep calling me overseas
Asking 'bout my goal for the cash machine and you just
said yeah

But you tried to keep the house key
But then your new party friends went and called for
Some stripper again, I just said (fine)

And baby that's you on a good day
And baby that's you on a good day
Disaster is always just a beat away
But baby I'm sticking with you anyway

And baby that's you on a good day
And baby that's you on a good day
Disaster is always just a beat away
But baby I'm sticking with you anyway

Ladies...

Oooh...
Oooh
Let me get the beat

I want it, I hate it, I need it
I want it, want it, want it
I hate it, I want it, I need it
Yeah, like that
I want it, I hate it, I need it
I want it, want it, want it
I hate it, I want it, I need it

But you tried to keep the house key
But then your new party friends went and called for
Some stripper again, I just said
(You're gonna make it up to me, you know you are)

And baby that's you on a good day
And baby that's you on a good day
Disaster is always just a beat away
But baby I'm sticking with you anyway

And baby that's you on a good day
And baby that's you on a good day
Disaster is always just a beat away
But baby I'm sticking with you anyway

And baby that's you on a good day
And baby that's you on a good day
Disaster is always just a beat away
But baby I'm sticking with you anyway
