And maybe you've been a little dangerous with your words
It feels like the drum in my ear has been left here to burst

Its simple you say you've seen better days
And now I guess we go our seperate ways
Heres

(1)One for my loneliness and
(2)Two for how we used to be
(3)Three strikes to my empty chest and
(4)For all my jealousy

I walk through this valley filled with shadows
Your light has kept me alive
And now that you shine for someone else it feels like I could die

Its simple you say you've seen better days
And now I guess we go our seperate ways
So heres

(1)One for my loneliness and
(2)Two for how we used to be
(3)Three strikes to my empty chest and
(4)For all my jealousy

You told me to count you out
You told me to count you
You told me to count you out
You told me to count you out

Heres

(1)One for my loneliness and
(2)Two for how we used to be
(3)Three strikes to my empty chest and
(4)For all my jealousy

You told me to count you out
You told me to count you
You told me to count you out
You told me to count you out
