one lifetime to late
you know that
id wait
forever forever
secret creature
come to me in my dreams
swimming through the sea of imaginary things
secret creature
a legend of your own
im one lifetime a way from not being alone
forever forever
forever forever
long silver, shiny tail
you know i wish you well
forever forever
forever forever forever
secret creature come to me in my dreams
swimming through the sea of imaginary things
secret creature a legend of your own
im one lifetime a way from not being alone
secret creature secret creature secret creature
