

Summer Set, The "Passenger Seat"

It's 3am, I'm outside your window
Jumped the fence, dad will never know
I fell in love with you in my passenger seat
And then you took control of the radio
Turned up all the songs I know
Oh risking everything, That's alright with me

Roll down the window
Never get caught baby no one will know
Just sweep me off my feet again
My new addiction
I'll be waiting
Have been addicted to this story of a girl
Who can out this boy mean world
And sweep me off my feet again

Back seat down, fog on the window
Sun came out about an hour ago
And I kissed your head, Just like I always did
And let you take control of the radio
I got to take you home so your parents won't know
Me and you've got something special
Perfectly dysfunctional

Just sweep me off my feet again
My new addiction
I'll be waiting
Have been addicted to this story of a girl
Who can out this boy mean world
And sweep me off my feet again

And I'm wasted on you girl
And I've never been so sure don't want to say
goodnight
You and I can take another ride
We can go a long way home
So we can be alone
Oh baby no one will know

Just sweep me off my feet again
My new addiction

I'll be waiting
I've been addicted to this story of a girl
Who can out this boy mean world
And sweep me off my feet again
Just sweep me off my feet again
My new addiction
I'll be waiting
I've been addicted to this story of a girl
Who can out this boy mean world
And sweep me off my feet again
