its gettin' better with the seasons and the weather
its gettin' better and its all because of you
comming morning we'll still be together
oh girl, we're the best at what we do

we be gettin' down to the sounds of summer
till we could get away and watch the seasons change
oh, its the little things you do, that drive me crazy
i dont know what to do
i just need you with me
oh, and i can see that in a way you say

cause i got the words
and you've got the melody
you've got me singing

its gettin' better with the seasons and the weather
its gettin' better and its all because of you
comming morning we'll still be together
oh girl, we're the best at what we do

oooooh!

oh we be gettin' down on the nights and weekends
cause you wake up to what you wanna see
its gettin better now
its gettin better now

so keep upto the rhythm of your heartbeat
sing out all the songs that you love
we got time and this could take all night
its not love but it feels all right

cause i got the words
and you've got the melody
you've got me singing

its gettin' better with the seasons and the weather
its gettin' better and its all because of you
comming morning we'll still be together
oh girl, we're the best at what we do

oh what we do

oh, and i can feel it in the way you say
so sing it back to me

cause i got the words
and you've got the melody
you've got me singing

its gettin' better with the seasons and the weather
its gettin' better and its all because of you
comming morning we'll still be together
oh girl, we're the best at what we do

its gettin' better with the seasons and the weather
its gettin' better and its all because of you
comming morning we'll still be together
oh girl, we're the best at what we do
