Tomorrow came too soon  
I barely made it through today  
Still empty inside  
I guess nothing's really changed  
I'm still afraid to feel  
'Cause I cannot take the pain  
I'm still afraid to feel  
Afraid to lose someone again  
I wish that somehow  
I could leave  
My past behind  
My fears behind  
(Chorus)  
If I could only breathe you in (x3)  
Every drop of you  
I guess it's time to face the truth  
And admit my past mistakes  
Come to terms with all that's wrong with me  
And all the things I'll never be  
Why am I afraid to feel?  
Afraid of what is true?

Why am I afraid to feel?

When all I really want is you?

To taste your skin

To share your thoughts

Would never be enough for me

(Chorus)(x2)
