This one, as far as I know  
is their only non-lp song on a soundtrack  
This is from the Escape From LA soundtrack  
My angel my reluctant whore  
Decided you can take no more  
So let's fuck until we fall asleep  
Please don't wake me when you leave  
Just kiss me before you go  
Kiss me before you go  
Kiss me before you go  
Promise to kiss me before you go  
Funeral but nobody's died  
Dressed in black and black inside  
In the morning you'll be gone  
The stranger that I'll never know  
So please kiss me before you go  
Kiss me before you go  
Kiss me before you go  
Promise to kiss me before you go  
It's too late now too fall asleep  
So just lie here and watch you breathe

In the morning you'll ne gone

Like everything I've ever loved

So just kiss me before you go

Kiss me before you go

Kiss me before you go

Promise to kiss me before you go

Before you go

Before you go
