i keep breaking all the promises  
i keep making to my self  
you'd think by now i'd be over this  
instead i'm feeling sorry for myself  
so why does everything seem so desperate now  
i should be feeling so alive  
but it feels like something's missing  
something's wrong somehow  
it feels like something  
deep inside has died  
so why do i feel so desperate now  
why do i feel like dying  
why do i feel desperate now  
why do i feel desperate now  
i keep breaking all the promises  
i keep making to my self  
but the promises mean nothing to me anymore  
circling the drain...  
spiraling to hell...  
so why do i feel so desperate now  
why do i feel like dying

why do i feel desperate now

why do i feel desperate now
