Innocence

Stumbling around

Holding onto anyone who'll hold on to you

Innocence

Is hurt again

But is it really worth the pain?

You are helpless

You are selfish

You are hollow inside

You are hopeless...

Innocence

Lost along the way

To anywhere or anyone who'll hold on to you

Innocence

Is hurt again

But is it really worth the pain?

You are helpless

You are selfish

You are hollow inside

You are hopeless
