Your soul a pit of stone.
The depths I wish I could have known.
Dangerous, black and full of spite.
Thoughts of you fill my nights.
But now we lay naked on the floor
I'm lost, I'm drowning in your soul
I was searching for some answer in your eyes
I find malicious laughter
And a love that has died.
You are haunting my reality
Your lies are the only truth that I believe
You are haunting my reality
Now everytime I think about you I die
Passion runs through me marrow deep
I long to tear your eyes out in your sleep
This passion, can lead to evil crimes.
Do I kill you or do I choose to die?
Acid burn etched through my brain
Please someone die before I go insane.
I was searching for some answer in your eyes
I find malicious laughter

And a love that has died.
You are haunting my reality
Your lies are the only truth that I believe
You are haunting my reality
Now everytime I think about you I die
Lies (repeat)
Soon now - you'll be gone
I wish to God I could have known.
I love you, I hate you every night.
This longing for your soul has got me scared
But now we lay naked on the floor
I'm lost, I'm drowning in your soul
I was searching for some answer in your eyes
I find malicious laughter, hate
And lies, fucking lies!
You are haunting my reality
Your lies are the only truth that I believe
You are haunting my reality
Now everytime I think about you I die (repeat
