I hope I see you on your way down

I hope you break every bone

I hope it kills you on your way down

And I hope you die alone

All of your hate and all of your lies

Will it be worth it

When all of your friends refuse to be alibis

Will it be worth it

I'll see you on your way down

I'll see you on your way down

I'll see you on your way down

It's kind of sad to watch you break down

You greedy fuck you pissed it all away

So who will catch you on your way down

You've only got yourself to blame

When all your worst fears materialize

Will it be worth it

There's nobody left who cares you're alive

Was it worth it

I'll see you on your way down

I'll see you on your way down

I'll see you on your way down

Way down

Way down

I'll see you on your way down

I'll see you on your way down

I'll see you on your way down
