You call me angry
You call me a fool
I'm nobodys puppet
and I'm nobodys tool
You tried to hurt me
tried to fuck with my mind
But while your empire rots beneath you
you turn a blind eye
You drive by in your limo
waving your flag
You've got no budget for AIDS victims
'cause it's the blacks and the fags
You live in your white house
trading your stocks
While the homeless sleep outside
in a fucking cardboard box
You'll get nothing and like it
You'll eat nothing and like it
You'll sleep nowhere and like it
You'll get nothing and like it a lot
Sick and tired

of this thieving race
Murderous, self-serving swine
you are a fucking disgrace
You tried to hurt me
You tried to fuck with my mind
But when your empire rots beneath you
I'll laugh 'till I die
You'll get nothing and like it
You'll eat nothing and like it
You'll sleep nowhere and like it
You'll get nothing and like it a lot
