Lost in a world of doubt and insecurity  
Nothing that you hold sacred, nothing you believe  
Your life is a contradiction  
While you thrive on manipulation  
I fight to just hold on to what I believe  
I won't become the thing I hate  
I won't become the thing I hate  
I won't become the thing I hate  
I won't become you  
You treated me like I'm a worthless piece of shit  
You think you're in control but you make me sick  
I want to watch you suffer  
You know That you've made me suffer  
I want to fuck up everything you've ever lived  
I won't become the thing I hate  
I won't become the thing I hate  
I won't become the thing I hate  
I won't become you  
I won't become the thing I hate  
I won't become the thing I hate  
I won't become the thing I hate

I won't become the thing I hate

I won't become the thing I hate

I won't become you
