I know I should have told you

I was so afraid you'd leave...

And now there's nothing left to say

Well nothing that you'd believe...

I never meant to hurt you

with the things I couldn't say...

I promised you tomorrow

while denying you today...

These lies have torn my world apart...

These lies have torn my world apart...

These lies have torn my world apart!

A darkness grows inside me

in fading shades of grey...

All the colours in the world

are slowly sucked away....

I'm sinking ever deeper

to a place that's cold and black...

I can't believe I lost you

and you're never coming back...

These lies have torn my world apart...

These lies have torn my world apart...

These lies have torn my world apart! (Torn my world apart!)

Soon the light will take me

and save me from my pain...

Cloak me in cold darkness

and help me lose your name...

These lies have torn my world apart...

These lies have torn my world apart...

These lies have torn my world apart!

Torn my world apart!

Torn my world apart!

Torn my world apart
