I've been so alone for so long

I've been so alone for so long

Forgotten by the world

Forgotten

Forgotten

Forgotten

At night I cling to you

I'm so afraid

Afraid a day will come

When I'll wake and find you gone

Forgotten

Forgotten

Forgotten

And I'll wake and find you gone

Forgotten

Forgotten

Forgotten

And I'll wake and find you gone

But you promised that you'd not abandon me

And then kissed my fears away

But I woke up to that day

Forgotten

Forgotten

Forgotten

But I woke up to that day

Forgotten

Forgotten

Forgotten

But I woke up to that day

So I memorized the color of your eyes

As I lost myself inside you

And I memorized the way our legs entwined

As I drifted off beside you

I miss, God I miss

Waking up beside you
