I 've spent

My life

Running from the emptiness

That haunts me

And I've spent

My whole life

Trying to fuck

The loneliness away

And I die

Inside

When I think of all the people

I have damaged

And I'm tired

I'm so tired

But there's no one else

Except myself to blame

(Chorus)

My life's been wasted

Everything is gone

My life's been wasted

And I am all alone

My life's been wasted

There is no one left

My life's been wasted

It's time I face myself

I've spent

My life

Trapped inside

A cycle of self destruction

And I've spent

My whole life

Trying to numb

The pain inside my soul

To night

And I cried

When I realized

I fought this war with no one but me

I'm tired

I'm so fucking tired

But I find a way to keep my faith alive

(Chorus)

When I reach the end

Will anything I've done

Mean anything?

(x2)

Will anything I've done mean anything? (x3)

(Chorus)(x2
