You make it hard to breathe
It's as if I'm suffocating
And when you're next to me
I can feel your heartbeat through my skin
It makes me sad to think this could all be for nothing
I wish there was a way for you to see inside me
I've never felt this way
About anyone or anything
Tell me
What do I have to do to make you happy
What do I have to do to make you understand
What do I have to do to make you want me
But if I can't make you want me what to I have to do
I know exactly what you're thinking
But I swear this time I will not let you down
I'm not as selfish as I used to be
That was a part of me that never made me proud
Right now I think I would try anything
Anything at all to keep you satisfied
God I hope you see what losing you would do to me
All I want is one more chance so tell me

What do I have to do to make you happy

What do I have to do to make you understand

What do I have to do to make you want me

But if I can't make you want me just tell me, tell me

What do I have to do to make you want me

What do I have to do to make you understand

What do I have to do to make you love me

If I can't make you want me just tell me

What do I have to do

...to forget about you
