I am lost

In the darkness

Between two worlds

And here I'm struggling

You're the light

That I've been seeking

Cuz my whole life

There's been something missing

Chorus:

Only you

Can make me whole

Just one touch

You complete me

Rescue me

From this blackhole

It sucked me in

And left me dying

You're the truth

That I've been seeking

Cuz my whole life

I've been lying

Chorus

God I pray

You'll find me worthy

Of the right

To stand beside you

And of your truth

And of your passion

And of the right

To sleep beside you

Chorus
