Force
Walking around town
The sky is blue and the air is crisp
I remember your words, they stab me and hurt myself
And I bleed, no one is there to stop it,
I am so scared that I won't be good as people want me
to be.
I HAVE DREAMS.
But I'm scared that I can't make them come true
A power suppress me and
Like a magnet
Brings me back to what I know
And I can't find anyone
Who can teach me how
To find the right way or
How to live OK

Chains envelope me like a mummy,
I feel the cold steal against my bare skin
I'm afraid of what I do not know

Everyone is scared to get in too deep
Or to be ruled by their force
Which lies deep within them
Under their sense.
