## "Waterfalls"

It's easier to laugh

When she's around

You've waited for her love

Too long

You whisper her name

Again

You want to be loved

And belong to her

What do I know

You are gone

What can I do

Hunt you down

What should I hope

Such an empty world

What will I do

Now I'm all alone

I am all alone

Bring out the waterfalls

And take your time

Just lose your temper

A crime is a crime

And be sure

You'll die tonight

Bring out the waterfalls

Bring out the waterfalls

It's easier to sleep

When she's around

You've waited for her love

Too long

You whisper her name

Again

But you want to be loved

Now you're all alone

You are all alone

Bring out the waterfalls

And take your time

Just lose your temper

A crime is a crime

And be sure

You'll die tonight

So bring out the waterfalls

And take your time

Just lose your temper

A crime is a crime

And be sure

You'll die tonight

And why did I care for you

And why did I care for you

Bring out the waterfalls

And take your time

Just lose your temper

A crime is a crime

Be sure

You'll die tonight

Bring out the waterfalls

Until we die

Now is the time

Be sure

You'll die tonight

And I almost wrote this song

For you
