You be careful and I'll be the reckless one
You be careful and I'll be the reckless one

You can be careful
And I'll be the reckless one
I'll get my heart broke
But someday I will find love

Maybe I'm reckless, but please stop this
'Cause I hate when you plead with me
You keep your mouth shut and your thoughts in
And I think it's killing me

You can be careful
And I'll be the reckless one
I'll get my heart broke
But someday I will find love

You got your secrets and your own life
That you keep apart from me
We all got regrets and past lies
That we don't want the world to see

You can be careful
And I'll be the reckless one
I'll get my heart broke
But someday I will find love

I swear, that everything you say
Is filtered in a way that will keep you safe
I swear, that everything you do
Has already been thought through
You're never taking chances so there's no mistakes

You can be careful
And I'll be the reckless one
I'll get my heart broke
But someday I will find love
I will find love

You be careful and I'll be the reckless one

and I'll be the reckless one.
