Dont do that
Baby, please dont do that
What are you cryin for
Is it because youre sad or mad or
Nothings gonna go wrong
Sometimes we feel inside of us that
That everything we have is only here for today
But every now and then two people get lucky
And find that certain thing that make them wanna
Just keep it, just keep it that way
I dont want you to feel that
That you have to go through these changes when
Knowin no way
I know that our love is different
Our lives will be different
Trust me, baby, trust me

Now that Im here no more tears
Come here, come here
And you wont find things that broke your heart
And blew your mind
Not here, no, not here

And my, oh, my
Girl, cant you see, cant you see that I
Ive got so much to give to you, my dear
Its gonna take a lifetime, its gonna take years

To you my dear Ive got so much to give
Its gonna take my lifetime
Its gonna take years and years and years and years

And Ill fill you in your hopes and dreams
Believe me, girl, you got everything
Right here, right here
No one could offer you more
Than the love I have for you in store
Its here, oh, oh, yeah

And my, oh, my
Honey, cant you see, cant you see that I

I got so much to give to you my dear
Its gonna take a lifetime, its gonna take years

To you my dear Ive got so much to give
Its gonna take my lifetime
Its gonna take years and years and years and years

Believe me, baby
We found that certain thing
That certain feeling
That lets two people express themselves how they feel
Let your love flow inside of you Dont be afraid, dont be
afraid, baby
